From the Directors Desk

As I sign off from the director's desk one last time, I wanted to leave you with words that come from the bottom of my heart. It has been an absolute pleasure to be a part of your lives over the past four and half years and witness each of you accomplish amazing things! The most rewarding part of my job has been watching you find, develop and share your individual passions and talents with each other and the community. I hope that you never lose your spark and always feel as confident in your abilities as I do; because I am certain you can do anything you put your mind to. It is your creativity, optimism and acceptance of one another and new things that has made Adult Enrichment so much more than a day program. I wish you well and look forward to seeing what the future has in store for you and AE.

MARTIN LUTHER KING DAY

Group Article by

(Kathy, Mary Jane, Crystal, Stephanie, Darla, Elise, Derek, and Jayln)

Martin Luther King Day , is on January 16 ,2017. Martin Luther King fought for Civil rights for all people, especially Black people. He lead Anti-violence protest to bring about Peace. What Rights do you cherish and glad that we now have, due to Martin Luther King's Movement?

Mary Jane- said she has the right to speak up for what she believes in, and to

be able to express her wants, and desires.

Stephanie- said she has the right to Self advocate, to say what she likes or doesn't like, and to have the right to make choices.

Crystal- said she has the right to live the way she wants to and to decide what's best for her life.

Kathy- said that she has the right to treat and to be treated equally, in the same way that Martin Luther King fought for every citizen to be able to express their individual civil rights. Martin Luther King contributed to the change in civil rights in America, and for the entire World. We as Americans should remember, and be an example in the same way, to protect everyone's human rights, to treat each other with Respect, and Dignity.

Making the 2017 AE Calendar

The photography class worked together to make a 2017 calendar. First we brainstormed. We wrote down ideas of what we could take pictures of for each month. Then we started taking pictures of those items. We usually worked in twos or threes.

We have learned some things about taking pictures. You almost never get it right on the first try. You don't want to take a picture facing the light. Make sure you hold the button down long enough to take the picture. Be aware so you don't get extra things or people in the background that distract from the subject you intend to focus on. You want to center your subject through your camera lens. You should be close enough to what you are taking a picture of, so that it fills most of the view through the camera lens. Leaving a little border around the subject is often recommended, too.

One day we went outside and took pictures of balls and other sports items. We also took pictures of flowers. Inside we took pictures of fruit. For February we took Christmas ornaments off Amparo's tree branches and put up Valentine ornaments. Then we took pictures of them. We also collected fallen leaves outside and arranged them with pumpkins and gourds for Autumn.

After we took lots of pictures Amparo showed them to us on the TV screen. We selected the best ones for each month. A final calendar was printed and was presented at our Christmas concert. We sold several calendars at the concert! This was a really great project for us. The part we enjoyed the most was going outside to take pictures.

It's not to late to order a 2017 AE Calendar!

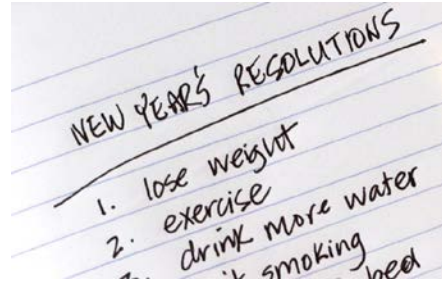

COOKING CLASS

In Cooking we had a guest speaker (Mr. Dale Chadwick) He showed us how to make fresh bread. We learned how the different types of flour makes bread rise. We also got to try the fresh bread. I like when we have guest speakers they bring a lot of information. Cooking is a fun class and we love to eat the food.

GROUP GAMES

In group games we created Mad Libs. The stories were about things that you do or say or people you know. We started with learning what a Mad Lib is, then we played. We had to come up with words, like adjectives, people, places, things, adverbs, and numbers. We went around the room and took turns giving words for the stories. When the words were all given, the story was read back to the class. It was really funny and the class laughed at the funny stories. It was a lot of fun and I really enjoyed it, I hope we do it again.

Musical Brain Busters

For the month of December we did the top 50 Christmas songs of all time. We were very surprised that “Frosty the Snowman” didn’t make the list. Another song that wasn’t on the list was “Hark the Herald Angels Sing”. Fortunately, “White Christmas” by Bing Crosby was on there. The songs we listened to were sung by the singers that made them popular. The years range from 1942 to 2014. Most of the songs were songs we’ve heard before and know. Some of our favorite songs are “Mary Did You Know?, O Holy Night, Dreaming of a White Christmas, and The Twelve Days of Christmas”. Christmas songs are some of our favorites, but we prefer them during the holiday season.

Winter Wonderland

In January it tends to be colder so to keep warm we suggest you dress in layers and bundle up. If you dress in layers you can always take off if you get too warm and put back on if you get too cold. A example of winter wear could be snowsuit, face mask, hat, scarf, blanket, gloves, boots, coat, earmuffs, sweaters, thermals, and pants are just a few options.

In case of winter wonderland weather or snow storm, you should log into Wgal.com and look up Adult Enrichment to check the status of the program. If you are unable to log into website then you can call 717-397-5600 for a update. When you call there will be a message with current information on whether the program is open.

Classic Viewing Features Wonder Woman

In Classic Viewing class we vote on which shows we want to watch. We have just finished watching a series of Wonder Woman episodes. Susie enjoys seeing how fast she twirls to turn into Wonder Woman. We would all enjoy having her special powers of strength, jumping high and dodging bullets. Her lasso sure would come in handy for learning the truth. Some of us have decided we would like to use it on some of our family members. Flying in Wonder Woman's invisible plane would be quite an

adventure, too, if you are not afraid of heights. We made gold tiaras with red stars, like Wonder Woman's, to wear during class, to help us get into the 'Wonder Woman frame of mind'. We have enjoyed going on adventures with Wonder Woman in our Virtual Travel class.

CHRISTMAS CONCERT

December 15th was greatly anticipated this year. Jon Rogers was counting down the days, till the Christmas Concert. Every Thursday the chorus practiced their solos, duets and group songs, fine tuning it as they went. Allison came to take over directing two months before the concert.

In Arts & Crafts we painted tree branches, pine cones, canvases and the words 'Let it snow'. We painted them all white for decorations at the Christmas Show. This year we called the concert Winter Wonderland. We dressed up in red and black the day of the event. We were told to bring a cold bag lunch with our names on them. We traveled to the Manor Church on that cold windy day. We gathered in the room where the concert was held. Allison called us up on stage and put us in our positions. Then we practiced before lunch.

Many of us had family and friends come to see us perform. Everyone did a great job. The middle isle was bordered with the white trees. And the stage was edged in white snow and lights. It did look like a Winter Wonderland.

Darla enjoyed the Christmas carols. MJ liked everyone singing together. Kathy enjoyed singing her solo, My Two Front Teeth. Will is already looking forward to the next concert. Jonathan W. enjoyed the change from the routine. Trista missed it but she is looking forward to being there next time. Angie and Jon R. enjoyed the concert, too.

Arts & Crafts

Chrissy, Jay, & M.J.'s favorite part of the class was squishing the pads, Susie enjoyed counting, Carly picked pictures and decorated lids. Also, Robert P. & Derek helped make solution, Alvin made noise and cut out shapes, while Marta stirred. Everyone enjoyed making this product.

In Arts & Crafts, we made make up remover pads. The pads are made up of water, tea tree oil, baby shampoo, baby oil, orange & lavender essential oils, cotton pads, and mason jars.

First we placed 40 cotton pads inside mason jars, then we soaked them with solution. We cut out pictures and decorated lids. Pads will be sold at the Christmas concert to benefit AE.
