## From the Director's Desk:

I hope everyone is having a great summer! To kick off the summer season we have updated the class schedule. On Tuesday's we will be splitting 3D art into two smaller classes to provide participants with more one on one assistance to complete projects. Wednesdays we will be offering a Nutrition class to learn more about healthy food and recipe options. We will also roll out Brain Busters, where participant teams research a topic and create questions in preparation for a head to head trivia match at the end of the month. And last but not least, we have added a Painting and Trivia class to Friday's! Check out the calendar to see all the great new things we will be doing this month. If you would like to try out any of these new classes, just let me know!

June 30<sup>th</sup> we will be having a picnic and our first Brain Busters competition. AE will provide the sandwiches. Participants should bring the remainder of their brown bag lunches.

## JULY BIRTHSTONE

### RUBY

There's no better way to demonstrate your love than by giving a ruby in

celebration of a July birthday.

Rubies arouse the senses, stir the imagination, and are said to guarantee health, wisdom, wealth and success in love. Ruby is a variety of the gems species *corundum*. It is harder than any natural gemstone except diamond, which means a ruby is durable enough for everyday wear. Fine-quality ruby is extremely rare, and the color of the gem is most important to its value. The most prized color is a medium or medium dark vivid red or slightly purplish red. If the gem is too light or has too much purple or orange, it will be called a fancy-color sapphire.

## Baby We Were Born To Run!

Contributed By  
Daniel Rogusky

On May 14th, my baby brother Michael and I went to see Bruce Springsteen & the E Street Band live in concert in Hershey,

PA. He came out and performed two songs from his new album followed up by "Hungry Heart" and "Badlands." About half way through the show he did "My Hometown" and "The E Street Shuffle." He played for three straight hours and closed with "Born to Run", came out five minutes later for his encore, "Dancin' in the Dark" and then about five minutes after that he came out again for his second encore, an all acoustic version of "Thunder Road!" It was complete ridiculousness!

## JULY BIRTH FLOWER

### LARKSPUR

Native to the North Temperature Zone, Larkspur is a genus of ranunculaceous delphinium

plants with bright flowers and spurred calyx and symbolizes feelings of an open heart a ardent attachment.

The term delphinium is believed to come from the Greek word for dolphin as the plant was thought to have a resemblance to the sea mammal.

Folklore reveals a number of names for this flower including lark's heel, lark's toe, lark's claw, knight's spur and staggerweed.

Traditionally used as a herbal medicine, larkspur was believed to consolidate wounds which is supported by the Latin name for the plant 'consolida' which means 'to consolidate.'

In Greek mythology larkspur sprang up from the blood of Alex after he killed himself following a temper tantrum resulting in an act of dishonour when he did not receive Achilles' armour. Soldiers were also said to use larkspur in ancient times as a method to control body lice.

Other healing uses that have been connected to the larkspur include the treatment of hemorrhoids, colic in children and wound repair.

Larkspur was also said to have had magical powers as it carries feminine energy. In addition to healing wounds and combating lice, larkspur was used with any spell related to the protection, care and comfort of soldiers and other figures of authority. It has also been known to be used in ceremonies honouring war dead.

## Kathy's Birthday

For my 57<sup>th</sup> birthday I brought in cupcakes to AE program and I received a birthday card signed by everyone and they all sang happy birthday. Later on that night I went out with my family for dinner at Bonefish Grill, I had Lily's chicken with

artichokes, cheese, and other veggies along with mashed potatoes. For my dessert I had a nice big slice of cheese cake.

# How to Store Fresh Produce

Research By  
Laura Sauder

Ideally, you'll eat your market bounty the day you bring it home. Just picked produce is the most nutritious, and it tastes the best too. Shelf life can vary from a measly day or two (raspberries) to more than a week (the hardy watermelon). Most fresh produce shouldn't be washed before storing. For example green beans deteriorate rapidly when wet. Don't tie plastic bags shut zucchini, watermelon, and peppers can stay on a table or cool place in the kitchen for a day or so. It's generally a good idea to store fruits and vegetables separately in plastic bags. Onions and potatoes notoriously don't mix well. Apples emit gases that will cause other vegetables to lose quality. Wiker says fresh asparagus likes a special approach. Trim ends about ¼ inch, then store upright in a small amount of water in the refrigerator. Corn should be cooled as soon as possible after purchase, to preserve flavor and prevent spoilage, Spacht says, and leave the husks on to retain moisture. Do not refrigerate tomatoes, the warmer the spot, the faster the tomatoes will ripen.

## PHONY TONY AWARD

Contributed By  
Ernie McClain

June 5<sup>th</sup> was the date for the Phony Tony Awards spring concert. "We're hoping for the concert to be a wonderful and event" said Ernie McClain who was dressed as a gangster from the hit musical Guys and Dolls.

The AE chorus group who were working on the concert since January we're eager to perform their production for friends and family. "The last spring musical was great but we're hoping to make this one even better" said

McClain. The concert will consist of songs from musicals such as Hello Dolly, Fiddler on the Roof, and Oklahoma. The concert will be fun for all ages and people brought their friends and family.

# OUTING

Contributed By  
Angela Spencer

I like the outings we go on because

all of the places are handicap accessible. I often use a wheelchair for outings and its nice to know I can use the bathroom without a problem. Waiters and waitresses are nice to us and the food is always good. My favorite outing was when we got to meet the Barnstormers. I'm looking forward to the picnic in Lititz Spring Park.

# WEATHER

## DISCUSSION GROUP CLASS

Contributed By  
Laura Sauder

In discussion group we are having a mock trial. Victor has been accused of stealing a laptop. Alvin is the judge, Kate and Dan are lawyers and the rest of the group is the jury. The jury will hear the facts and get to deliberate if Victor is guilty or innocent. We watched the movie 12 Angry men to understand what happens during a trial.

## Mock Trial

AE Wednesday class held a mock trial. Victor Miller was accused of stealing a laptop from program. Kate Manners was the defense attorney and Dan was the prosecuting attorney. Alvin Miller was the judge and Jon Whitlock was the bailiff. Before we had the mock trial we had Linda Timberlake a lawyer, come in

and help us prepare. It took us three weeks to finish and it ended in a hung jury. Victor was happy about being set free.

# ONE EGG OMLETTE

Contributed By  
Jon MacFarland

On Wednesday June 4th, the AE group made 1 egg omelette. We made them the way we wanted using Amparo's recipe. When we were finished making them, Amparo cooked them to perfection!

## 1 Egg Omelette Recipe

### Ingredients:

1 small egg  
pinch garlic powder  
pinch dried basil leaves  
1 tsp. of milk or water

1 tsp. grated cheese, cheddar, swiss, goat cheese feta or any type you like.  
1 tsp. finely chopped onion or mushroom  
1 tsp. finely chopped red bell or sweet green pepper  
small amount of cooked meat; you can use turkey, ham or bacon  
salt and pepper to taste  
1 tsp. olive oil or butter

### Preparation:

Crack eggs one at a time into a bowl or cup. Be sure to wash your hands when you are done cracking the eggs to prevent salmonella poisoning. Stir with a fork until well beaten. Add the rest of the ingredients and stir gently. Spread butter in small skillet and add to medium heat. Slowly add the mixture into the heated skillet and cover until the omelette is fully cooked. Enjoy! Very delicious!

**Optional:** Add 1 tsp. peanut butter to every omelette you make, this makes a tasty treat that taste like a snack from a movie theatre concession stand.

## Outing to my work

Contributed by  
Allison Alspach

On Tuesday May 27th, part of the AE group and I went to shop at the Goodwill store in Lancaster. I got a sombrero and a T-shirt. I had a fun time. If I could have, I would have spent much more time there to shop. Afterwards we went to Wendy's for lunch. I had a chicken sandwich, French fries and 2 Dr. peppers.

For an outing we went to the Goodwill store I work at. It was fun to introduce my co-workers to my friends at AE, and to show everyone around the store. Afterwards we went to Wendy's to eat lunch. It was great.

# 10 Interesting Facts About Independence Day

Research By  
Dewey Coplin

Here are some interesting facts about Independence Day that you may not have known!  
Did you know:

1. Independence Day commemorates the formal adoption of the Declaration of Independence on July 4, 1776. However, it was not declared a legal holiday until 1941.
2. Fireworks were made in China as early as the 11th century. The Chinese used their pyrotechnic mixtures for war rockets and explosives.
3. Uncle Sam was first popularized during the War of 1812, when the term appeared on supply containers. Believe it or not, the U. S. Congress didn't adopt him as a national symbol until 1961.
4. There are many precise rules for taking care of the American flag. And speaking of flag traditions, we're sorry to report that contrary to legend, historical research has failed to confirm that Betsy Ross sewed the first flag.
5. Not all members of the Continental Congress supported a formal Declaration of Independence, but those who did were passionate about it. One representative rode 80 miles by horseback to reach Philadelphia and break a tie in support of independence.
6. The first two versions of the Liberty Bell were defective and had to be melted down and recast. The third version rang every Fourth of July from 1778 to 1835, when, according to tradition, it cracked as it was being tolled for the death of Chief Justice John Marshall.
7. The American national anthem, the "Star-Spangled Banner," is set to the tune of an English drinking song ("To Anacreon in Heaven").
8. The iron framework of the Statue of Liberty was devised by French engineer Alexandre-Gustave Eiffel, who also built the Eiffel Tower in Paris.
9. The patriotic poem "America the Beautiful" was published on July 4, 1895 by Wellesley College professor Katharine Lee Bates.
10. Father of the country and architect of independence George Washington held his first public office at the tender age of 17. He continued in public service until his death in 1799.
