From the Directors Desk

Please join me in welcoming Jeff McMenamin, a new Program Specialist, to the Adult Enrichment team. Jeff comes to us with several years experience working with adults with disabilities in a day program setting. I am certain Jeff's skills and abilities will only add to our already outstanding team! When you see Jeff, please take a minute to introduce yourself!

As most of you know I will be taking a three month leave starting in August to spend time with my growing family. Program Specialists Jared, D'andrea and Jeff will be available to answer any questions you may have during my leave of absence.

We have several fun things planned for program over the next few months at Adult Enrichment. I hope you all have a great summer and I look forward to seeing you upon my return in the fall. I promise to send updates of my sweet new addition as soon as she arrives!

Preparation for Summer Fun Week Olympics

Contributed & type by E-kat

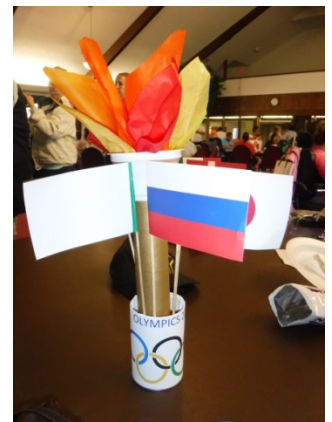

Last Tuesday of the month we were getting stuff ready for Olympics. They are going to take place in two different places: Beginning of the Olympics will be held at AE, and the closing ceremony at Manor Church. We were making flags of the countries we're going to play for, also I brought some Russian stuff to decorate table of the team I'm going to play for. Each table is going to be designed with different decorations with the stuff that represents a team's country. Those teams who got the first, second and the third place are going to get a prize. The program designer Amparo is going to make cloth for Japanese team.

Making Flags In July

Typed by Jonathan F.

The group consist of Carly, Glen, & Kate, Ange, Sam, Victor, & Jaylin. We made flags for the six countries that will be represented at the Olympics. We glued the flags to sticks, & Then put the flags into the torches. The flags represented these countries 1) Mexico 2) Japan, 3) Denmark, 4) Italy, 5) Russia & 6) French Polynesia. The Participants thought it was fun, & it was nice to start getting ready for fun week

Adult Enrichment is enjoying their First Annual "Summer Fun Week"

Jimmy: **Fr. Polynesian** - Cylo was my favorite. He got into a lot of trouble. And I liked the pizza.

Robert C: **Italian Team** - I enjoyed seeing the Barnstormer Cheerleaders (Brianna and McKenzie). And I liked to be outside with everybody. Wednesday (when it stormed), was exciting!

Ekat: **Italian Team** - My favorites were Volleyball and the Awards Ceremony.

Katie: **Mexican Team** - Summer Fun Week was a really fun week! I hit the bull's eye. I knocked Carly out in Basketball. The food was good. I ate two pieces of pizza.

I liked trying on the clothes as fast as I could for the relay on Friday. It was cool watching Jimmy roll down the hill.

Danielle: **Japanese Team** - I liked seeing the flags of different countries and playing the games. (Regarding stormy Wednesday) I wish I could have stayed home.

Carly: **Danish Team** - It was awesome. Basketball was my favorite game.

Ernie: **Russian Team** - My favorite was the Javelin Throw and seeing the outfits of the different countries....Amparo's outfit.

Robert P.: **Italy Team** - We had a great time at Summer Fun Week. I liked the games. My favorite was basketball. I also enjoyed throwing the javelin through the hoops, and Shot Put with water balloons and Kerplunk. On Wednesday it was pouring rain and I heard thunder. So we went inside the Church. I played pool with Kathy. And I enjoyed hot dogs with baked beans. I think we should do it again next year, and we could be in different countries.

Trista: **Italy Team** - I liked having popcorn and cotton candy. I think we should do it again next year.

Wil: **Denmark Team** - I liked having fun. I enjoyed Kerplunk and the Shot Put. I am glad we got to go to the Manor Church. I put a crown on my head. And I am glad I won a medal.

Jon W: **Fr. Polynesian** - On Wednesday, it began raining in the morning after we got there. So we went inside and watched Night at the Museum. Usually I go to Acadia, so it was a nice break from my routine. It was not really structured, and I liked that. Whatever happens, happens. In spite of the rain, we watched a movie and had a good time. No pressure!

SPANISH CLASS

Contributed by Kate M.

Typed By Jonathan F.

One of our favorite classes at AE is Spanish. We take Spanish lessons on Tuesday mornings. We each have Spanish names. We have learned colors, how to tell time & how to count in Spanish. We even play Spanish bingo. Some know better at Spanish than others but we are all leaving & enjoying ourselves. Once a month we do dancing & movement in Spanish class. we also learn about different Spanish foods. We like when we play games in Spanish. Our goal for Spanish class is to be able to hold full conversations in Spanish. It's fun trying to learn Spanish because when we make up words. Everyone laughs & we just have a good time.

Book Club

Contributed by Chrissy and

typed by Jonathan F.

One thing I like about book club is I get to use my braille machine. I take notes for the class, then I read my notes at the end of class. The last book we read was Beauty & the Beast & the Magic Princess.

We all take turns reading in class & having discussions.

It's fun to read the book & also watch the movie. There are differences in the two, but both are good. We have a big

class for book club. My favorite part of the class is when

I use my braille machine. It helps to make me feel more

independent. Not sure what book we are going to read next, but I'm sure it will be one we all like.

Book Club is the last class of the day on Tuesday.

Acting Class

Contributed By Trista

I like acting class because, it make us think about work characteristics. Acting class is fun for all participants. In acting class our teacher is such a wonderful teacher, I really enjoy having Cindy as my acting teacher. I hope with all the acting that we are doing, I hope we get to be in a show one day. I would like us to go act in front of an audience and be able to build sets to act out. Even though acting class is such a really fun class and I enjoy it so much, I feel like it can be hard too, because we need to memorize our lines.

CHORUS

by Alison

I really enjoy chorus class a lot. I really feel good when I sing. I got a chance to sing two solo's in class recently. We got a chance to perform in a concert.

my class and practiced so much to sing. I had so much fun. I felt so good that my father was able to hear me sing. My father was so proud of me. He really enjoyed himself while he watched me. My grandparents were also proud of watching me perform. Being in Chorus, really helps me to be happy and experience my feelings when I sing.

GERMAN CLASS

Contributed by Carly

When I go to German class, we get to do so many different things like games, learn our colors and how to speak German.

We use the computer to help us look up things to learn in German.

We play matching games and we need to say things in German. When we play our teacher Beth makes cards and write the words on then figure out into German. It such a great class to be in. I get a chance to learn a new language.

I really enjoy the class. I have so much fun. It make me so proud of myself.

ILS CLASS

Contributed by Jonathan R.

What I like about Independent Living Skills, we learn about Exercise, Nutrition, Relaxation techniques, etc. We write the troops, and we have a pen pal writing program with a local Senior Citizen Center. We play math bingo. We used lotion to do hand massage to relief stress, and also learned where acupressure points on shoulder and neck. We also have healthy snacks like banana ginger smoothie. Also we used a beach ball with ice breaker questions so that the participants can get to know one other. In ILS, we learned about the 5 different food groups. Its very fun, and our teacher makes it interesting.

DAIRY

Contributed & Typed by Laura

During Dairy Month you can get milk from the dairy. You can also get ice cream, it depends on how much it costs. You can get strawberry, chocolate, and sometimes raspberry, mocha, or orange creamsicle milk. You can get all kinds of food like cookies, potpie, pies, giant

cookies with icing, and much more. The only limit to what you can buy is how much money you have, because of course those things aren't free. Dairy month was started in 1937 to promote milk drinking. At that point there was more milk than people were drinking. Milk is good for your bones and helps you to stay healthy. Milk comes from cows, mostly. If you visit the dairy during Dairy Month, there are lots of fun things to do. You should visit a dairy near you, they're awesome!

Under the Sea

Contributed by
Group class

In the beginning of the prom, everyone came and socialized. Then we ate fish sticks, stuffed shells, applesauce, bread, chocolate cake, cookies.

We played a couple of games and crafts and won some prizes. We were able to

make our own picture frame. We made sand art. There were people dressed as a shark, lobster, octopus, and crab. The theme of the night was *Under the Sea*. We sang karaoke. We did the limbo, and the electric slide. The music was good, with a cool, awesome DJ.

There were live gold fish at the tables. And the entrance to the room was decorated with streamers that made it look like water. There was a place where a photographer took our pictures. It was decorated with beach balls and ma shark. A picture of a ship was on the wall. There was a board shaped like a shark. We stuck our head through the hole to have our picture taken.

We used a fish net to catch a prize.

There was a shipwreck with a pot of gold.

There was a slideshow of people who had come to the Prom in the past.

It was nice to see everyone dressed up.

There was a disco ball sending light sparkling around the room. We really enjoyed the dancing. We hope to go back again next year.

NEWSLETTER

Contributed and Typed
by Jonathan F.

It is a fun class to write about different articles. It would also be interesting to learn about interesting new things. We learn new things every day about what's going on in the world. It may come to my conclusion that in the news things start happening like going to the adult enrichment prom or being social with friends. I like learning about what's going on in the world. & paying attention in class and get things ready in life. Like in Boy Meets World & Girl Meets World both Cory & Riley Matthews didn't know anything about the world & about growing up in life & they settle there differences because life goes on with little amount of time. The point I'm making we are going to make great friends & make mistakes and more importantly that the world teaching us harsh lessons. Now I found that out too.

World Cultures

Contributed by Victor

In World Culture class we use passports for different countries on film we learn more about their culture. We also print and put flags on the wall to show what countries we visited. Learning about different countries really shows how different it is from America. A lot of the animals we do not have in our country, not only do we learn about their culture but also their etiquette and way of life. The countries we do are A-Z shorting with America we learn their location and types of food they eat. When are finished with our countries we will be learning more about the 50 states of the United States

MUSIC APPRECIATION

Contributed by Kathy & typed By Wilfredo

I really enjoy music appreciation. I taught A class on Tina Turner. Other artists; Shania Twain, Taylor Swift, Ozzy Osbourne, Garth Brooks. We also covered artists Adele, Stevie Wonder , Faith Hill, The Beach Boys, Michael Jackson, and Gretchen Wilson. We listen to country, Bluegrass, Rock, Pop, etc. I enjoy listening to all the different artists.

COMPUTER CLASS

Contributed by Ralph

When I get a chance to do computer class, I really take advantage of it, because I get to do some shopping online from Walmart. It really such a great way to use the internet. Sometimes when I don't feel like using the computer, I get a chance to play games. In computer class. Another thing, I enjoy listening to music on YouTube. My favorite music I like to listen to, is Bluegrass. I feel as though I can do many things when I'm in computer Class. Being in computer class really helps me to see what's out there in the world. It's a way to keep up with Society. Whenever I have trouble with something, I know that the Computer can be my number one helper.

Movie Outing

Angry Birds

We love going to movie outings. The movie *Angry Birds* was a very funny movie. Some people would say it's just for kids. But it is for all ages. We always get some kind of snack at the movies. There are a lot of new movies coming out.

I like when the surround sound comes on at the movies. We love the 3D movies the most. It was really funny when the pigs came in the ship to take over. Riding in Big Green to get to the movies is fun & bumpy. It's also fun watching in movie club on Fridays. The chaperones were fun, lively, and awesome to go to the movies with.

ETIQUETTE

Contributed by Gloria

Etiquette is about using your manners and having respect for other people.

Tina teaches Etiquette on Wednesday mornings at 11 am. We had to role play different things.

Like how you should act out in public. If you want something, you say 'please'.

And when you get it you say 'thank you'. We went on an outing to Oregon Dairy. We practiced good etiquette

when we ordered and ate lunch. We had to use our table manners. You do not reach over the table and grab things. When you cough you put your hand up to your mouth. It is more comfortable to be around people who have good etiquette. I recommend Etiquette class to anyone. It will teach them to use their manners.

GARDEN CLASS

Contributed and typed by Laura

Garden class is on Thursdays. We grew Oregano, Cilantro, and wild flowers. I think pretty soon we'll start a garden. I think it will be on the back patio. We haven't worked on those gardens much but we plan on working on them soon. We

will make a salad garden, growing lettuce cabbage, tomatoes, and onions. We watched some videos and learned how to start a garden. If you go out on AE's back patio you'll see the plants. We learned about herbs and are growing two, cilantro and oregano. I like this class because we set to go outside and plant stuff. It's better than staying in all day.

NATIONAL ICE CREAM MONTH

Contributed by Mary Jane

National Ice cream Month is celebrated every July on the Third Sunday of the month. My favorite flavor is mint chocolate chip. Another participant said she like cookies and cream. Another likes rocky road. Another participant likes coffee ice cream. You can put such toppings as chocolate syrup, whipped cream, cherries, nuts, butterscotch syrup, pineapple, strawberries, sprinkles, etc. There ice cream sundaes, banana splits, ice cream sandwiches, drumsticks, popsicles, ice cream cones, gelati, etc. Some flavors are vanilla, chocolate, strawberry, neopolitan, etc. You can have ice cream to cool you off on a hot Summer's day. Most kids like ice cream, and big kids (adults) do too. I hope everyone can enjoy some ice cream this July or during the summer.
