# JUNE BIRTHSTONE

Researched by:

Ben Walker

June counts three gems as birthstones, pearl, Alexandrite, and moonstone.

## PEARL

Historically, pearls have been used as an adornment for centuries. They were one of the favorite gem materials of the Roman Empire; later in Tudor England, the 1500s were known as *the pearl age*. Pearls are unique as they are the only gems from living sea creatures and require no faceting or polishing to reveal their natural beauty. In the early 1900s, the first successful commercial culturing of round saltwater pearls began. Since the 1920s, cultured pearls have almost completely replaced natural pearls in the market.

## ALEXANDRITE

A relatively modern gem, *Alexandrite*, was first discovered in Russia in 1831 during the reign of its namesake, Czar Alexander II, and is an extremely rare chrysoberyl with chameleon-like qualities. Its color is a lovely green in both daylight and fluorescent light; it changes color to a purplish red in incandescent light. (Synthetic gemstones are man-made alternatives to the natural material, possessing the same physical, optical, and chemical properties as the natural gemstone.)

## MOONSTONE

It was given its name by the Roman natural historian Pliny, who wrote that moonstone's appearance altered with the phases of the moon - a belief that held until well after the sixteenth century. Part of the family of minerals called *feldspar*, moonstone occurs in many igneous and metamorphic rocks and comes in a variety of colors such as green, blue, peach, and champagne.

## JUNE BIRTH FLOWER

Researched By

Ben Walker

## ROSE

All species of the *Rosa* come from the northern hemisphere, and normally form as shrubs or bushes with flowers. There are some that are considered trailing plants or climbers that will grow up walls and over other plants.

The flowers of all species have five petals with the exception of one species, the *Rosa sericea* which only has four. Most roses contain hook shaped thorns which are there to aid the plant in hanging over other plants as it grows.

The rose is a beloved flower for its beauty and fragrance with a long history of symbolism and meaning. The ancient Greeks and Romans associated the roses with their goddesses of love Aphrodite and Venus which is probably what has led to the red rose being considered the rose of love in today's modern culture. In Rome a wild rose would also be placed on the doorstep of a room where confidential matters were being discussed, telling others not to enter.

In early Christianity, the five petals are linked to the five wounds of Christ, however the leaders were hesitant to adopt this theory. Instead the red rose was adopted as the symbol of the red blood shed by the Christian martyrs, and later it became associated with the Virgin Mary.

### Color Meanings:

**Red:** love

**Pink:** grace, lesser feelings of love

**Dark Pink:** gratitude

**Light Pink:** admiration, sympathy

**White:** innocence, purity, secrecy, friendship, reverence and humility.

**Yellow:** Yellow roses generally mean dying love or platonic love. In German-speaking countries, however, they can mean jealousy and infidelity.

**Yellow with red tips:** Friendship, falling in love

**Orange:** passion

**Burgundy:** beauty

**Blue:** mystery

**Green:** calm

**Black:** slavish devotion (as a true black rose is impossible to produce)

**Purple:** protection (paternal/maternal love)

## Father's Day

Contributed By  
Jonathan Rodgers

Fathers Day is on June 15 this year. We get to tell our fathers how important they are on this day. My dad is important to me because he picks me up from program, we go shopping, we go to church, he takes good care of me, and I like to hang out with him. My dad is coming to the concert on June 5. I love my dad and I'm glad that he's my dad.

## WALLI-E

Contributed By  
Jayann McCue

The group who stayed back from the outing watched the movie Walli-e. One of my favorite parts is when Walli-e went into space. I thought it was a very funny movie. The Robots were taking funny. I would recommend this movie to children and adults. It has a good message.

# Jon's Review of High School Plays, Center

Contributed By  
Jon McFarland

I was at 2 local area high school plays recently. I went to see "OKLAHOMA" at LCHS and "The Sound of Music" at Ephrata High School. I thought both plays were good, however I thought "The Sound of Music" was acted out and put together better.

When we were to see "Oklahoma" at LCHS it was performed in their smaller gym and you felt like cramped sardines. At EHS we had front row seats right in front of the orchestra pit. I had no favorite character in "Oklahoma" but my favorite character in "The Sound of Music" was the Captain. You heard his lines and he acted very professionally.

Don't forget to come and see our Spring Music program on Thursday June 5, at 11 a.m. at CJCLDS, hope to see you there!!

## AE Advice Column, Ask Dan:

Contributed by  
Dan Rogusky

One of my friends is using bad language (swearing) when at AE. How should I address it?

So, as you say, one of your friends has a, "colorful" vocabulary which you do not necessarily approve of. In my opinion, the best way to deal with this particular problem is to pull your friend aside and express your displeasure in his or her choice of words and why it upsets you like it does. Then I would probably step back and assess if your friendship is worth having to put up with events like this. I don't believe that you should have to just "put up" your friends without the right to complain.

## AMAZING BROADWAY SKILL

Kate Manners

Excitement builds over choices in Harmony spring show! Everyone is excited and we are all looking forward to showing off our amazing Broadway skills. Lemme tell  
You about the guy  
My dad.

He tends to tell  
Me what nobody else can  
Or should. He says

That I should be  
Thinking about the future. He says

That I should be  
Doing something else. He says

That I should be  
Saving my money. He says

That which nobody else can  
Or should. But he says

And it means more than he knows  
And I listen

## Jenny Graduation

Contributed By  
Allison Alspach

My cousin Jenny graduated May 9, from her Physical Therapists School. I really liked the graduation ceremony, it was held in a gym and they served food like chicken, sandwiches, fruit, vegetables, and they had a little wine bar. I cried because I felt really proud. She had her dress on and she had her hair up a little bit. I brought her flowers for her graduation. They were pink, purple and white flowers. She looked good in her cap and gown and I'm glad I went. She wrote us a beautiful letter thanking us for the flowers and money.

## SERTOMA CHICKEN BARBECUE

Contributed By  
Victor Miller

Sertoma chicken barbecue they have it every year at Long's Park. In fact it's in the Guinness Book of World Records for the largest barbecue. They start at 10 AM and go until 6 PM it's a pretty good meal because you get chicken, a roll, a drink, ice cream, and a bag of chips for a good price. I go every year when it doesn't rain. I like to get it and eat it in the park. My favorite part is the chicken. They make their own sauce and I would highly recommend it they have the barbecue rain or shine. It benefits the Sertoma Club, that maintains Long's Park and Schedule the concert serves during summer.

# CINCO DE MAYO CELEBRATION

Contributed By  
Leroy Poletti

It was a fun party. We celebrated **Cinco De Mayo the 5<sup>th</sup>** of May. We had walking tacos for lunch. I enjoyed them very much. The hamburger was my favorite part of the taco. After lunch we broke open the taco piñata. We hit it really hard but it wouldn't break so Chelsea opened it up so we could get the stuff inside. We got tattoos, bubble gum, plastic tops and candy. It was a great day.

## HORSES

Contributed By  
Jessenia Santana

I like horses I think they have cute faces. I want to ride a horse someday. They are very big and it is hard to get on one. If I ride horses I may get hurt, but I still want to ride one. Brown horses are my favorite and if I had a brown horse I would name him, Tinkerbelle. When we go to the beach we go to Chincoteague and I see horses. We see them in the sand. My room has horse all around. Mom put horse stickers, and my sister helped all around my room. I like my room because it's beautiful just like horses.

## Arts and Crafts

Contributed By  
Ernie MC Clean

Art is fun and exciting; you get to come up with your own different styles, colors and new creations. We made ping pong paddles and then played with them. It was a new and fun experience for me. We made flowers from coffee filters and got to paint them. They turned out very nice. I think it was the best craft of all. Miss Amparo makes us laugh during art class and we have fun.

## Malia's Birthday

Contributed By  
Mary Jane Robbisons

Malia had a nice ice cream birthday cake. It had her name and blue and pink flowers on it. The blue flowers turned your tongue blue. She got a lot of gifts. She got a puzzle from me, birthday cards with money, a doll, a Mickey Mouse pillow, magic markers, and a sheet set. We went to the Strasburg Railroad as part of her birthday gift, but we missed the train. She was a little disappointed. We should have went early! She turned 3 on her birthday. Malia is a cool kid and I like to be with her. I like when she says my name. It was a good birthday party.
