November Birthstone

Researched by:
Ben Walker

TOPAZ

Topaz is a gemstone available in a rich rainbow of colors. Prized for several thousand years in antiquity, all yellow gems in antiquity were called topaz.

Often confused with citrine quartz (yellow) and smoky quartz (brown), quartz and topaz are separate and unrelated mineral species. The most prized color of topaz is called Imperial topaz after the Russian Czars of the 1800s and features a magnificent orange body color with pinkish undertones. Topaz also comes in yellow, pink, purple, orange, and the many popular blue tones.

The healing properties of the November birthstone are reputed to be effective for health problems relating to sanity, asthma, gout, blood disorders, tuberculosis and insomnia. The Topaz is also used to enhance spiritual rejuvenation and feelings of happiness. Brazil is the largest producer of topaz, the most notable source being the Minas, Germany's region. Gems are also found in Russia, the Ukraine, Pakistan, Scotland, Japan and Sri Lanka. In the United States, the gemstones have been found in Colorado and California.

Topaz was once thought to strengthen the mind, increase wisdom, and prevent mental disorders. It was thought to guard against sudden death. Powdered topaz added to wine was used to prevent asthma and insomnia. A cure for weak vision called for immersing the stone in wine for three days and nights, then rubbing the liquid on the eyes.

CHRYSANTHEMUM

The meaning of the November Birth Flower, the Chrysanthemum is With Love and Cheerfulness.

The History and traditions surrounding the November Birth Flower, the Chrysanthemum is fascinating. There are many myths and legends about the origins of this tradition. It is believed that birthday celebrations originated in the Roman Empire and the origins of birth month flowers, such as the Chrysanthemum, could be said to date back to these times. During Roman birthday celebrations family and friends offered congratulations and brought gifts. The gifts included gemstone jewelry, such as the Topaz, and also flowers - the first traditions and origins of the November birth flower.

Thanksgiving and Family

Contributed By
Ernie McClain

Thanksgiving is a time for family and friends. It's a great time to catch up with family. It's a great time to meet new people. This Thanksgiving I will be celebrating with 4 different family and friends. I enjoy spending my time with my nephews and nices. My favorite foods to eat at thanksgiving: mac and cheese, meatloaf, candied yams, and gravy. One of my favorite things we do on Thanksgiving is put pictures of my mom around the table. We like playing Dominos.

"AUNT HAZEL'S TRIP TO PENNSYLVANIA"

Contributed by
Dewey Coplin

Aug-06 ,2013 at about 5:00 pm my Aunt Hazel got to Tammy, my sister and Joe, brother-in law's house where we had dinner and talked about her trip out here. She had had a wonderful flight.

Aug-12, Tammy, Joe, Mom, and I went to Tammy and Joe's for dinner, then to Rita's for frozen treats. That was my first time there. (I don't think I'll be back, since there's no indoor seating or public restroom.)

Aug-16, It was back to Tammy's again for dinner and to say goodbye to Justin, my nephew who's going back to Japan for a while, but will return. As for Aunt Hazel, she'll be here a little while longer.

Aug-21, We went to Olive Garden for all you can eat pasta. It was surprisingly filling! I had only one plate/serving, and I was full.

Aug-25, We went to see the Liberty Bell, where I learned that the bell was cracked, repaired and cracked again.

There we met Ben Franklin, who told us about his experiments with electricity. At the gift shop I got a mini "Liberty Bell", and a little book telling a little bit about it. Surprisingly I had room for some dinner that night.

Aug-29, Tammy fixed some Chicken Chilly for dinner. Aunt Hazel called Hunter, my Second Cousin, in Texas .

Sept-04, My Mom, Aunt Hazel, and I went to Sonic for a bit of a snack, to Home Depot, then to Tammy and Joe's for dinner.

Sept-07, My Mom, Aunt Hazel, and I went to a cousin Betty's, she's on my mom's side, for a couple of days, where I met her for the first time in my life. On the wall she had an old picture just like one that Granny (my grandmother) and Paw Paw (my grandfather) have had for as long as I can recall. For dinner the four of us had a pasta dish and some ice tea.

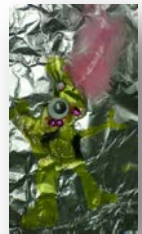

Sept-08, The four of us went to town for the day. While there we went to Hardies, it's like a build your own burger place, for lunch. Later we went to a Wal-Mart where my Mom and I got some C.D.s with Wake up Little Susie, Blueberry Hill, Great Balls of Fire, to name a few, and "Unique Replicas" of Confederate and Union currency.

Monsters in Art Class

Contributed by
Kate Manners

We made monsters in art class. We used foil, egg cartons, glue, glitter, feathers, googly eyes, pipe cleaners and pom-poms. I thought it was fun creating our own monsters.

Favorite Halloween Costumes

Contributed by
Kate Manner

The Halloween costume people wear (more often than not) is the ghost or the witch. I like them, but I like to see the more creative ideas. The suggestions that I would give people are goblins, knights or princesses. Halloween is a holiday where people can be whatever or whoever they want. It's really up to the individual as to how they want to represent themselves.

It's almost time for Black Friday, If you like bargains and crowds, it's for you! The roads and stores will be packed and all the lines will be so long. Brings out the best of your mood because the parking lot will be a zoo. Black Friday brings us out for the Holiday's. Every year Santa greets happy people who are really nice, and full of good cheer. Christmas isn't about Gifts it's about celebrating Jesus' Birthday. If you do not like shopping at the stores Go online it beats the long lines and the crowds, it's for you.

Congratulations

On Monday September 30th Lisa, Amparo, Chelsea, Annette, Jean, Beth and Rebecca gave Alisha a surprise baby shower. The participants didn't even know about it, we were surprised too. They had snacks and desserts. We played games. It was a lot of fun. We took toilet paper and wrapped it around her tummy and measured. We had so much fun! We were laughing, and we had to guess when the baby is due. Everybody took a guess. There were prizes too.

Recipe Fun - Slime, Gloop, Goop & Glurch!

Contributed by
John Aszmus

Ingredients:

8 oz. bottle of glue
8 oz. water
1 cup water
1 1/2 tsp. borax powder
Pour 8 oz.
bottle of glue into bowl.

Fill empty bottle with water

and add to the glue - stir constantly. If you want to add a color, add a few drops of food coloring to this part of the mixture. In another bowl, stir together 1 cup of water and 1 1/2 tsp. of borax powder until dissolved. Mix the 2 bowls together - Instantly they will become slime! Working it with your hands to make it a little more stiff. To make this "noise" putty put in a small container, then stick your fingers through the putty, it makes some "interesting" noises! Keep in a covered container in the refrigerator.

The 2013- 2014 season of hockey has started. My favorite team is the Pittsburg Penguins. They had an excellent year and made it to the playoffs. They traded Mac Cook this season, and added a new player. I am also a fan of the Hershey Bears. If you have never been to a hockey game the Hershey Bears is a great place to start. Call the Giant Center for ticket.

1 cup heavy cream
1 (12-ounce) package semisweet chocolate morsels

A Review of the Dutch Apple Dinner Theater

Contributed by
Angela Spencer

I enjoy going to all the local theaters, to see plays. Recently, I went to the Dutch Apple Dinner Theater to see the play "Menopause". It was very funny. There were several fun songs that made light of a not-so-funny topic. The actors did a good job and performed several dance numbers.

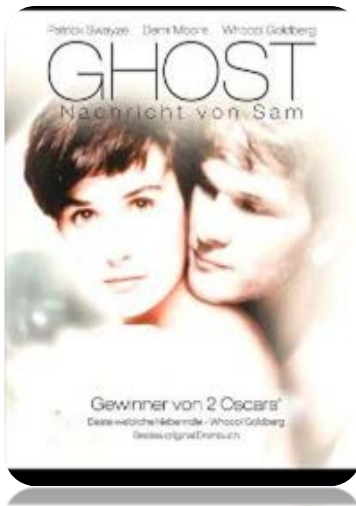

I went to the play with a staff member. We had dinner & everything was delicious. The play is still in session, and I recommend that people go to see it. You will be sure to have a good time...
