From the Directors Desk

Thank you to everyone who attended The Adult Enrichment Halloween party. We enjoyed a ghoulishly delicious lunch and several fun activities. Please see page 5 for spook-takular pictures.

Mark your Calendars for Adult Enrichment's upcoming events!

- Christmas Party: 12/9/16
- Christmas Show: 12/15/16
- Christmas Eve Party: 12/23/16
- New Years Eve Party: 12/30/16

Thank you to the family members and participants who contributed items from the AE wish list. In this newsletter we have added an updated Wish List of items that could be used to benefit the participants of AE. Any new or gently used contributions would be greatly appreciated!

Friendly reminder – Please make sure to pack utensils with lunches as we are not always able to provide these items. Also, please label lunch boxes and bags with your name so that they can be easily identified during lunch hour.

Thank you!

Thanksgiving, back in the day!

Contributed By: Daniel

After the Pilgrims arrived in the New World, they were forced to pretty much hurry to set up shelters/homes before winter arrived. That first fall, they needed a lot of help and support to get on their feet. In late 1621, the settlers were approached by the Wampanoag tribe and asked if they wanted to help partake in a meal of appreciation which is now called Thanksgiving. It actually wasn't declared a national until the mid-1860's and Abraham Lincoln decreed it so! Some of the foods served at the first thanksgiving were fish, lobster, deer/venison, fox, corn, squash, carrots and other local vegetables. The fact is that the settlers probably did not recognize the holiday as we celebrate it today.

World Kindness Day

Contributed by: Trista & Typed by: Daniel

This year, World Kindness Day is going to be on November 13th. This holiday was started in 1998 by the World Kindness Movement. Many countries celebrate World Kindness Day such as; Canada, Japan, Australia, Nigeria and the United Arab Emirates. During this holiday, kindness cards and

flowers are given out. World Kindness Day is to highlight good deeds in the community focusing on positive power and the common thread of kindness which binds us all. I think everyone should be kind not just on World Kindness Day, but every day. People should be kind to each other and spread good cheer. If everyone would show kindness, this world would be a better place to live.

HEALTH AND BEAUTY

Contributed By Elise & typed by Jonathan F.

In health and beauty we learned how to pick out healthy food. We cut out compounds. Then we divided the compounds into breakfast, lunch, and dinner. One day a guest speaker came. Her name was Jean. She taught us how to message hands from Jean. She taught us what to do step-by-step. Then we broke up into pains. I messaged Kate. Kate messaged me. I liked being messaged it is relaxing and feels good. One day, I wasn't there, but they put Lavander essential Oil in lotion, and on their hands.

Steph said it smelled so good. Amparo is our teacher. She is a nice, good teacher. I enjoy Health and Beauty. It gives us good tips.

Musical Biography

Each week on Thursday afternoons we have a musical gets to pick the artist we learn about. There's a multiple variety of music we can choose from. It has to be one person. Some of the people we covered are Barry Manilow, Amy Grant, Beyonce, David Bowie, Mariah Carey, John Lennon, Michael W. Smith, Jack Johnson, and many more. At the beginning of every class we go own a list of facts and we all

get a chance to guess the facts about the person, this includes where they were born, birthdays, if they use their real name or a stage name and many more things. We give the class a thumbs up.

Cast Iron Skillet

Contributed By: Danielle

Cast Iron Skillet is very heavy. I think it is very interesting how to use it. There are many ways of using it and how to clean it. Ernie and I learned how to clean it with salt and a potato. Mrs. Tina showed us how to clean the skillet and how to use oil to finish the pan. We all cooked Fried Zucchini in the skillet. I hope you all enjoy the recipe.

FRIED ZUCCHINI STICKS

1 Med. Zucchini cut into sticks

- 1 egg beaten
- 1/2 cup of flour
- ¹/₂ cup of cornmeal
- Season salt to taste

Mix flour, cornmeal and salt together. Dip the Zucchini sticks in egg and roll in flour mixture. Fry in hot oil until golden brown and tender, turning often. Serves 4

THANKSGIVING

Contributed by Jon R.

I love like Thanksgiving, because, It's a time to give Thanks for all the blessings that we receive during the year. People usually come together for a Thanksgiving Meal. My Favorite thanksgiving food is Turkey and Stuffing. Some other food items that you can have on Thanksgiving is; Green bean Casserole, sweet potatoes, mashed potatoes, Cranberry sauce,

Biscuits, etc. Also you can have pies for dessert such as: Amish Apple, Pumpkin, Sweet potato, Cherry, Shoofly, etc. While the Meal is cooking, you can watch the Macy Thanksgiving Parade. After the Parade, Then you can watch The Dog Show on Television. Then last but not least, you can watch Football, like The Orange Ball.

It's a fun time to be with your Family and Friends. But try not to eat so much, all the turkey and heavy food can make you sleepy. Thanksgiving was first celebrated by the Pilgrims and Native Indians, to express thanks and friendship between the two groups. So, Each year, we still celebrate this with our family and friends. This thanksgiving should be expressed, not only at Thanksgiving but all year long. To show that kind of caring to everyone we meet daily.

COLORING CLASS

Contributed Susie

I enjoy coloring class. We learned about the color wheel and how to blend colors. In class we have multiply supplies available to us. We may use crayons, coloring pencils, marker, and a variety of pictures we could choose from but sometimes I carry my own.

In class we learned emotions help choose colors. If a person is happy they may choose bright colors. If a person is sad they tend to use dull colors or maybe if they are angry they could use black. If I'm having a very good feeling that will help me decide on the colors I may use. Coloring can be relaxing, enjoyable, and soothing. Colors turn into beautiful art.

Movers and Shakers

By: Darla and Angie Typed by: Daniel

We have Movers and Shakers group on Thursday. Amparo is our teacher. It is like exercising. Amparo plays lively music that we move to. We play different games: bowling, human tic-tac-toe, balloon volleyball and Wii bowling. It feels good to get up and move

around. One time we went outside and blew bubbles. Another time we used elastic bands that we stretched our muscles. It is very stimulating and makes you feel more awake. It is fun!

What I Like About ILS Class

Judy – I like to write Penpals/Troops Thank Letters. I had surgery to correct my eyesight, and can see to write the letters myself.

Bob T - I like it when we count the soda money, tally the money that has been counted, and do exercise.

Victor – I like it when the ILS class votes on how the soda money is spent.

Trista – I like ILS class because it teaches me how to make this world a better place, even with our disabilities.

Rosie – I like it when we make healthy snacks like smoothies, monkeyface bread, and fourth of July parfait, etc.

Gloria – I like it when we play Bingo.

Ralph – It teaches us manners and etiquette.

Angie – I like ILS class because it teaches responsibility. Jimmy – ILS is fun.

Darla – I like the different videos that teach us Life Skills.

Ally – I enjoy the exercises.

Joey – It keeps me active.

Ben – ILS class helps with my math skills.

Dewey – I enjoy counting soda money.

Gary – I like to use the computer during ILS.

Steph – I like playing Math Jeopardy.

JR – I like playing Math Jeopardy too.

HOLIDAY CARE PACKAGE FOR THE TROOPS

Each month we write the troops letters through OPERATION GRATITUDE. This holiday season we want to send a care package. This is open to all the participants of Adult Enrichment. We are asking for a donation of one (1) item to send to the troops. Items such as

Everything Travel Size - Toothpaste, Tooth Brushes, Flossers, Deodorant, Travel size Wipes, Tissues, Hand Sanitizer, Notebooks, Pens/Pencils, Stationary, Socks (Not White), Scarves and Hats.

ALL DONATIONS APPRECIATED. THANKS IN ADVANCE FOR YOUR SUPPORT.

SCIENCE CLASS

Contribute & Typed by Jonathan F.

In science class we learned about the weather and seasons. The season that stood out the most of all is fall the first day of fall was September 22, 2016. In fall we learned brings wind and temperature change. Fall helps us prepare for the winter months and also time falls back. In fall the leaves change colors from green to orange, red, or yellow. The leaves begin to fall from trees, the wind picks up and blow them around. In science class we did an experiment on wind.

ACTING CLASS

By James Typed by Daniel

Cindy teaches acting class. In acting class we act out plays. We read notes we did Goldilocks and the three Bears. We had a lot of people to act. We put Goldilocks eating porridge out of the bowl of each bear, she broke baby bear's chair and slept on baby bear's bed. There was a jury, they were all participants, they decided that Goldilocks was guilty. We

liked the play. One participant hoped for some more exciting plays. I thought it was good. I like the class because it's funny and a lot of participants get to participate. I chose to watch as part of the audience. I plan to stay in this class because it is funny.

PHOTOGRAPHY CLASS

Fun With Bubbles

One day for Photography class we went outside. We used kitchen soap and water to make bubbles. We had several large bubble wands that we waved in the air. This made some really big bubbles. We tried to take pictures of the bubbles before they popped. It was windy that day. Amparo also worked with each off us to take pictures of colored bubble water from under the water.

Amparo gave us the option of buying a big mural with up to three of our bubble pictures on. We got to choose the background color and the color of the lettering that said our names.

Fresh Fruit Still Life

For another project Amparo assigned everyone to bring in fruit. Bob brought in an apple and a peach. Ernie had an apple. Jimmy got green grapes. Dareek brought in an orange. Joey - a dark purple plum. Laura got a peach. And Ekat provided a yellow pear. We each sprayed our fruit with water droplets and arranged it on different backgrounds. We chose from white, silky burgundy or textured burgundy fabrics, for the backgrounds. Then we took pictures up close, so it showed the droplets of water on the fruit. We cut some of the fruit, arranged it again and took more pictures. We had to get close to the fruit to try to have the fruit fill up most of the picture, without seeing other things on the edge of the photo. After we were done taking our pictures we got to eat our fruit. Yum!!!

In a later class we viewed the pictures through the computer screen, up on the wall. Each person chose their best pictures to have Amparo print. For some of the pictures, Amparo would crop off the edges to center the fruit, or to cut out something that was not supposed to be in the photo. Amparo gave us each a print of our best shot. We also had the option of buying a large framed print. She posted some of them on the Adult Enrichment Facebook page. You can see them there. They are also for sale if anyone wants to order one. We are an Amazing bunch of photographers!
