Director's Desk

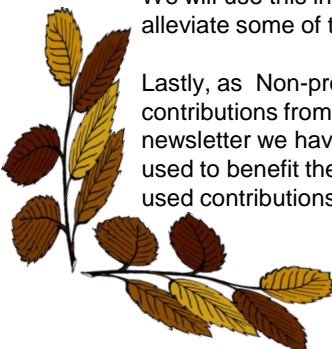

On behalf of AE staff, we would like to thank everyone who took the time to attend our annual Friends and Family Picnic this past September. It was a pleasure having you join us and we look forward to next year!

This month we will be hosting our Halloween Party on Monday, October 31. Please see the included flyer for details on how and when to R.S.V.P.

Recently a meeting was held with Red Rose Transportation Authority to discuss some of the issues AE participants are facing when using their services. We ask that if you are experiencing ride times greater than two hours or are repeatedly being picked up late that you please let us know. We will use this information in hopes of helping to reduce and alleviate some of these issues.

Lastly, as Non-profit Organization we rely greatly on contributions from community and family members. In this newsletter we have added a Wish List of items that could be used to benefit the participants of AE. Any new or gently used contributions would be greatly appreciated!

Thank you,
Jared, D'Andrea & Jeff

World Cultures

Contributed by Angie

In World Cultures, each week we explore different countries. Some of the different countries are Iran, Haiti, Italy,

America, Belize, Japan, China, etc. I like World Cultures because, it's like being in those countries, without leaving home. In World Cultures, we have passports where we put stickers from the different countries in the passports. We watch videos from the different countries. To found out the different traditions , music, and different cuisines of each particular country. The World Cultures Teacher's name is Tina. Also, There is A Colombian Program aide who is from Colombia, and she spoke on Colombia, and she wore the traditional Colombian Dress.

LABOR DAY

BY Victor

Typed By Jonathan F.

On Labor Day I had a picnic at my house. I had root beer, hot

dag, potato, salad, deviled egg, and some dessert like apple pie and lemon meringue pie. We had picnic in my backyard. I also went to the cemetery and put a flag on my brother's grave. Labor day is a tribute to the American worker, who helped build the country. That's why most business close on that day, to celebrate some other people in our newsletter class celebrated by having cook outs as well. A lot of them had family at their celebration. I had a lot of friends at mine. We also listened to music at my picnic, somebody else picked the music. It was good music. My day was good. I have good memories from the day.

Social Club

Contributed By Jayln

We have Social Club on Wednesday. I told the class about my hobby of video games. I really like video games. I play video games at home in our living room. There is a really big video game tournament. We saw a clip about it.

After that our class broke up into pairs for a scavenger hunt outside. I was Jon R.'s partner. We had a list of things to look for outdoors. We looked for a pinecone, a flower, a stone, leaves, some bark and other things. We found a feather, too. It was a little hot outside when we went on the scavenger hunt. We also talked with our partner to find out two things about them that we didn't know before. We came back inside to the cool air conditioned room to look at all the things we had found on the list. I enjoyed hanging out with my friend Jon R. And I like Social Club.

Shout Out to ALL my Friends!

Contributed and
Typed By Daniel

Friends come in all shapes and sizes and styles; as do my friends at Adult Enrichment! On my best friends at Adult Enrichment loves to express her feelings and I swear she

thinks that I am the greatest thing since sliced bread. Many of my other friends share or semi-share my likes and dislikes, and understand the meanings of my feelings. It feels really good to be able to talk to my good friends about my experiences; both good and bad. I have friends at AE that I can do things with out of program like bowling, miniature golf, go shopping, to baseball games and other exciting things. I am thankful every day for my interactions with my best friends and staff members at the Adult Enrichment program.

Painting

Contributed By: Kathy
Typed by: Daniel

We have painting on Monday afternoons; Beth teaches that class. I like it because it is a good way to express yourself. I went to the Art League and saw how they use brush strokes. There are different styles of painting.

Beth showed us videos of painting techniques. We just did a painting with seashells and sand. We took part of a photograph then we painted the other part of the picture. Now we are working on one for the holidays. I am painting a snowman. Other people are painting Christmas trees or other Christmas items. All the paintings will be judged. The best one will be chosen as the official UDS Christmas card of 2016. They will be reproduced as packs of cards to sell to people. Painting class is lots of fun. It is a way to use your motor skills. It makes you how to paint what you want. It is a good way to make memories.

ILS

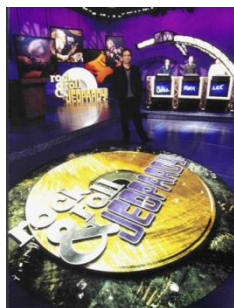

Contributed By Will

is Information about Living Skills. Tania is our teacher. She is the best teacher. She is always helpful. She always tries to take care of the participants. She never lets us down, either. I We have counted money in ILS. Today we played Bingo. That gave us experience with letters and numbers. Trista was

trying to win a slinky. Gloria won twice today. We also exercised to music, today- "Tania says...exercise". Sometimes we play games. We have done bowling. We have also thrown a beach ball and answered questions. I enjoyed making a fruit smoothie. We put in blueberries, strawberries, bananas, ice and kale. We also made a fruity Jell-O snack, with Jell-O, strawberries, blueberries and Cool whip. We played a Math Jeopardy game, too. We divided into teams, and chose a name. We chose a category off the poster board, then answered a question from that category. I think ILS is fun to learn and experience. We also get to know the new people to AE better. I love ILS!

Brain Busters

Contributed and Type
By Laura S.

In Brain busters we did 90'S music. It was the top 20 billboard hits from the 90'S.

The songs weren't done in order and we had to guess the song and the group, after listening to a little bit of the song .After the song and group was guessed we watched the video and listened to the music. This is how it's done sometimes. Other days the people in brain busters pick who they want and the teacher doesn't tell us who it will be, we have to guess who it is .We do trivia questions about the artist of the day and we watch their videos. Some of the people I've chosen are Katie Perry and Abba. Other people have chosen Shakira, Duran Duran, Stevie Wonder, Amy Grant , Ronnie Milsap ,Elton John, It's a pretty fun class , I wouldn't want to give it up.

Arts & crafts

Contribute by Crystal
Typed by Jonathan F.

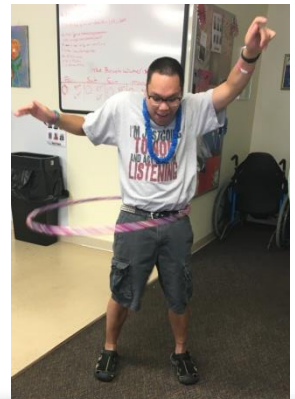

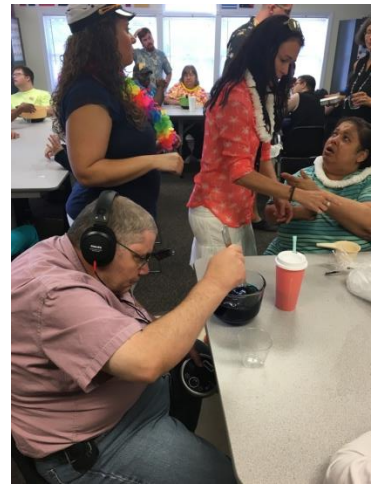

We have arts & crafts every Monday morning, Amparo is our teacher. We painted bells today. Then we put glitter on them to make pretty ornaments. We also chose a picture to paint. On chooses a flower, & a bird or a butterfly I chose a butterfly, I painted it pink & purple. One time we made a design with plastic beads. Then we ironed them so they would stick together. Another time we made beads out of glitter dough. Then we strung them to make bracelets or necklaces for Halloween decorations, we made a pumpkin out of orange felt. We glued on black eyes & a mouth to create a jack-o-lantern ornament to hang in our room. I enjoy arts & crafts it is fun to make things with our hands.

BEACH DAY!

Contributed By: Gloria
Typed by: Daniel

On Beach Day we played volleyball, made blue JELL-O, and danced to all kinds of music. We did arts and crafts. We all had a very good time. I really enjoyed Beach Day. In the near future, we can have more fun days like a day to just do our own activities that we enjoy. I'd like going to a pet place to see different animals like birds and cats and dogs. We should go somewhere to get ice cream and soft pretzels.

Health and Beauty

We have been learning about hand lotions, nail polish, how to eat better, exercise, how to bathe ourselves so we make sure we are clean.

There are times when we have a manicure. We have our nails first soaked in warm water, dried off and polished. We just tell what colors we want and Amparo and others from class will help us do our nails.

FREE COMPUTER

Contributed by Jon F.
Typed by Jonathan W.

Free computer is interesting. I can look up music on YouTube. I like to look up rock music, especially The Beatles, & Hannah Montana. I don't have a favorite song; I like all their music. I also like to look up famous people. I've looked up Judy Garland and Margaret Hamilton. I like to look them up because I like to look up actresses in movies. My favorite movie to look up the actresses to is *The Wizard of Oz*, because I like the storyline. I like it when people are in costumes. My favorite actor is Ray Bolger, who is the scarecrow. I like having a class that lets me look up things that I like. I can look things up on my own... I'm pretty good at this because I have a lap top at home. This is one of my favorite classes. I also like to dance to the music on the computer, though here at program I have to keep it low-key.

FALL

Contributed By Derek

In Fall the leaves on the trees change color. They change from green to yellow, orange red and brown. Acorns fall from trees, too. The weather gets cooler. Some people like to make Pumpkin pie or Pumpkin bread. I like to eat both of those. I also like corn on the cob.

The children start back to school. And we see the school buses on the roads again. At my house we put up candles. People put decorations out like scarecrows, and carved pumpkins. I like to carve pumpkins. I also like to dress up for Halloween. I rode a horse once. It was fun. I got to feed the horse oats. The horse drank water, too.

Contributed by Trista S.

I like candy and the trick or treaters. I like to see all their costumes. I like the change of season, it's not so hot for the kids. This year I'm going to be a princess. I like to go on hayrides. I also like to walk in the corn maze. I don't like the corn maze, because I get lost. Halloween can be dark. The little kids dress up as witches, ghosts, pumpkins, cats, in Jason masks, they wear claws on their hands. Also wizards, clowns, fairies, monsters, etc. On Halloween, kids go door to door, and say "Trick or Treat, give me something good to eat". It's one of my favorite Holidays. Also I like pumpkin whoopie pies.

Gummy Candy

1 box (3 oz.) your choice jello
2 packets (1 oz. each) of unflavored geleatin
½ cup cold water
¼ cup Karo syrup

Use ½ cup VERY cold water and add ¼ cup Karo syrup.

Mix Karo syrup and water until completely dissolved.

Pour into small pan-DO NOT PUT ON HEAT YET.

Add flavored jello and unflavored gelatin, let water soak into it, then stir until jello/gelatin is fully dissolved.
(this may take a while)

Place on a med/low burner and heat slowly, stirring every minute or so to keep it from sticking to the bottom of the pan.

When mixture is heated it will start to look clear and thicken a bit, pour the heated mixture back into the measuring cup for easy pouring into molds, silicone works best.

Pour mixture into molds. (remember, this is very HOT!!!! Handle with care). Let sit at room temperature for approximately 5 hours.

Pop out of molds and store in refrigerator in an airtight container.

Jersey The Helpful Dog

Contribute & Typed

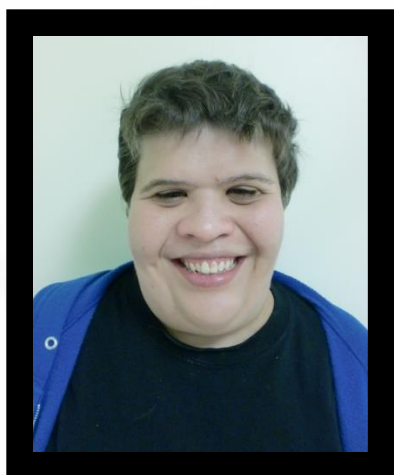

By Jonathan F.

Jersey is a UDS service dog, who is really cute. She's an over achiever, because she follows multiple commands. Some of the things she can do to help are opening refrigerator doors, she can take a persons shoes & socks off, she can pick up dropped items & give them back to her trainer, She can push a chair with her nose, she jumped on to a chair on command, she can get items from the refrigerator & put shut the door, she turned on a light switch, she could get out of the way & move under a chair, & so much more. We were very impressed with her. When she learns a command to get something out of the refrigerator, she picks up what's in that spot, whether it's right or wrong. They use treats to teach the commands, after they do it successfully. Anybody can be trained to work with the dogs as a volunteer. The dogs have to be friendly to be trained to help the people out. They have to learn to not be afraid of people in costumes. They are taught to bark when the trainer clicks there tounge. Jersey has five siblings being trained, one is named Dewey. We all really enjoyed the visit & we liked both trainer Lorie & the dog Jersey.
