FROM THE DIRECTORS DESK

Thank you to all of our friends and family that
joined us this past month for our annual picnic.
As always it was a pleasure and we look forward
to next year!

I would also like to send a special thank you to
Sherri Hull and Kim Lachance for donating the
patio decorations and volunteering your time to
come in and set them all up. The patio looked
wonderful! Thank you!

This year Halloween falls on Wednesday October 31st. On Halloween children go treat or trick. The children are escorted with their parents to neighbors' door to get a treat, and if not given a treat then they will trick them. They dress up in costumes like ghosts, devils, and demons, Teenage Mutant Ninja Turtles, witches, Goblins, Skeletons, Clowns, fairies, Corpse bride, Vampires, Pirates, Zombies, etc. You can go to a Halloween party, get candy, play Halloween music. Halloween can be fun, scary, and exciting time for all especially kids and their families.

FLOWER OF THE MONTH

Marigolds symbolize undying love and represent October birthdays. Marigolds can be yellow, orange or red shades. Hybrids may produce two-toned flowers. The dark green, pungent-smelling leaves have a lacy, delicate appearance.

Derek – They can keep Insects away.

Marigolds are easy to grow and they help keep the away aphids. Marigolds can be used to deter Mexican bean beetles, squash bugs, thrips, tomato hornworms, and whiteflies

Jon W. – Marigolds can be used for medicine.

In folklore medicine, marigold products were applied to various ulceration (both internal and external) and wounds to prevent infections, and even today calendula is used post-surgery to promote faster incision healing. ... In addition, marigold is used topically in order to: reduce diaper rash and protect sensitive skin.

Derek - They are nice and beautiful.

Due to their antioxidant properties, uses for marigolds include:

1. **Homemade Skin Treatment**
2. **Digestive-Soothing Tea**
3. **Immune-Boosting Formula**
4. **Infection Treatment**

Marigold calendula contains many potent antioxidants and anti-inflammatory compounds that fight infections, decrease swelling, improve blood flow, reduce muscle spasms, slow down effects of free radical damage/aging and more. These include flavonoids, polysaccharides, **linoleic acid**, carotenoids and triterpenes.

FUN HOLIDAY - IT'S MY PARTY DAY

Picture By Allison A.

October 11 is *It's My Party Day*, a great excuse to have a party for no reason at all! All you need to do is to invite all your friends and family to a fun party! While the origins of this unofficial holiday are unknown, it is safe to say that it encourages people throwing a party to celebrate themselves.

How to Celebrate?

While one never needs a reason to have a party, *It's My Party Day* is a

great justification for throwing a bash just because you can! Here are some ways you can celebrate this fun holiday:

Have a party of course! Send out invitations, decorate the venue, make all your favorite party foods, put on some fun music and let the party begin!

Too tired to organize a party by yourself? What about meeting your friends at a restaurant or at the park? Who says parties have to be at home? Did You Know...

...that according to the Guinness Book of World Records the longest dance party lasted for 55 hours? The party took place in Wexford, Ireland on October 29, 2006. Things you need to have a good party contributed by newsletter group 1) party hats, 2) good music, 3) good food 4) cake and ice cream 5) candy, 6) Good Beverages, party games, party decorations, party prizes.

NATIONAL TACO DAY

Picture by Cordell

National Taco Day is October 4, 2018. Here is a fun fact last year Americans ate over **4.5 billion** tacos! We love our Tacos on National Taco Day, on Taco Tuesdays & Everyday! That's **490,000** miles of tacos, which could take you to the moon and back or, if you prefer, could, at 775-million pounds, equal the weight of two Empire State Buildings.

What is Taco Bell doing anything for National Taco Day?

Taco Bell Has a \$5 Box Today for **National Taco Day**. October 4 isn't just the **day** after Mean Girls **Day**. It also happens to be **National Taco Day**. And of course **National Taco Day** wouldn't be complete if the nation's favorite **taco** chain didn't take part .Oct 4. Victor, Gretchen, Gloria, Jay all love Tacos. Victor likes soft taco with beef. Jayln likes Chicken tacos. Gloria and Gretchen enjoy beef tacos.

WORLD TEACHER DAY

Picture by Kathy S.

World Teachers Day has been observed on October 5th, around the world over since 1994.

It is a day to acknowledge, evaluate and enhance the teachers of the world; as well as, to consider issues related to educators and teaching.

What is something memorable you learned from a teacher?

Jon W. – One of my art teachers in high school helped me gain experience painting and I learned from what I made.

Derek – My teachers were really nice to me. They were kind.

Linda – After my parents dropped me off at middle school in Bloomsburg, one of my teachers took me to Vo-Tech where I was supposed to be going that week.

Kathy S. – When I was at Brownstown Vo-Tech, I was in an IU class. They gave me a facial. My cousin took my blood pressure. We did a lot of things. We did dancing, and we celebrated Christmas.

Jamie – When I was in Seventh Grade some kids were picking on me. My teacher told them to stop it.

Christopher – Mr. Freeman was my favorite teacher in high school.

COLUMBUS DAY

Why do we celebrate Columbus Day? Victor said that it's a national holiday. Joey said that Columbus discovered America. To celebrate Columbus Day some people have parades, and celebrations. Schools, Government offices, like the Post office, and Banks are closed. When Columbus explored and discovered America he came with a fleet of ships named the Niña, Pinta and the Santa Maria. The first celebration of Columbus's landing in the New World took place in 1792. It was organized by the Columbian Order (Society of St. Tammany) in New York City. In 1937, the occasion was declared a national holiday by President Franklin D. Roosevelt. Columbus Day has been observed on the second Monday of October since 1971. Many celebrate Italian-American heritage on this day. History is multifaceted. Columbus Day also speaks to the thirst for adventure, exploration, and possibilities that embodies the spirit of America. Columbus represents many early explorers and dreamers who reached for opportunity and not only dreamed, but acted.

WHITE CANE SAFETY DAY

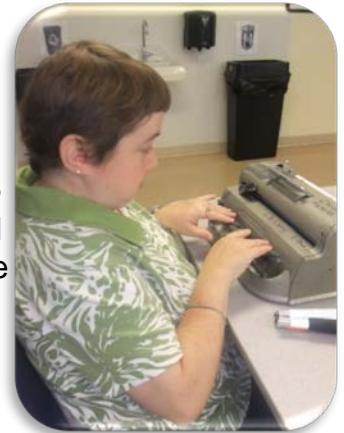

White Cane Safety Day, on October 15th, each year, celebrates blind and visually impaired people's achievements in the United States. It reminds people of the importance of the white cane in helping the blind and the visually impaired live more independently.

In 1963, the National Federation of the Blind asked the governors from every state to proclaim October 15 of each year as White Cane Safety Day. At the time, only a few people were independent enough to travel alone on busy highways. On October 6, 1964, the U.S. Congress designated October 15 of each year as White Cane Safety Day. By 1978, the number of visually impaired people who achieved more independence through the white cane had greatly increased.

White Cane Day

Chrissy:

I use my cane to find things. I Use it to find my swing outside. I sweep from side to side. If something is in my path, the cane hits it. I've used it for as long as I can remember. I went to the Blind Center to celebrate White Cane Day. They have a party. One time I played Jeopardy at their party.

Jayann:

I was in first grade when I was trained to use cane. I was in second grade when I used a crutch. In third grade I started using a cane again. In 11th grade I started using a folding cane.

When I was young and did not have a cane, I would hold on to Mom or Dad's hand. Or, they put me in a cart and pushed me. I use an ID cane, now, when my parents guide me. That lets people know I am blind.

Donald:

When I walk, I sweep the cane back and forth like, windshield wipers. That way I wont lose my balance. I was 11 when I went to Overbrook. That is a school for blind people. They taught me how to use a cane and get around.

Do you know any famous people who are blind?

Jon W. - Stevie Wonder

Joey – Ray Charles

Kathy – Both of them are singers. They wear dark glasses, like Donald.

I know a guy who has a guide dog named, Dewey.

Jamie – I know a country singer who was blind, Ronnie Milsap. He is not around anymore. And Helen Keller was famous, too.

CARLOS

CARVE A PUMPKIN DAY

Carve a Pumpkin Day is observed on October 31, 2018. Pumpkins are often carved into decorative lanterns called jack-o'-lanterns for the Halloween season in North America. This practice of carving pumpkins for Halloween originated from an Irish myth about a man name "Stingy Jack". In the United States, the carved pumpkin was first associated with the harvest season in general, long before it became an emblem of Halloween.

Parts of the pumpkin are cut out to make holes, often depicting a face, which might be either cheerful, scary, or comical. The tools used to carve and hollow out the gourd, range from simple knives and spoons to specialized instruments. Sometimes stencils are used as a guide for cutting a design into a pumpkin. When a candle is placed inside and lit, the light shines out through the cut design.

Kathy – When I was young, we used to carve out a pumpkin and put a candle inside it. We carved out the eyes and made a face. My Dad helped us. He would clean out the inside so we could put a candle in it. We put it outside as a decoration.

Jamie – When I was in preschool, we colored a face on a pumpkin with a black marker.

Derek – I scratched out eyes and a mouth with teeth using a knife. I put it out on my porch at home.

Joey – We never carved any.

Jon W. – every year our church has a Halloween party. We carve pumpkins and display them. I have carved some. They were ok.

VEGETARIAN AWARENESS MONTH

October 1st is World Vegetarian Day, and the whole month of October is Vegetarian Awareness Month. If you, or someone you know, have been considering a plant-based lifestyle, this is the perfect time to try a more healthful, sustainable lifestyle.

Neither **vegans** nor **vegetarians** eat meat. However, while **vegetarians** tend to consume dairy products and eggs, a **vegan** avoids all animal products, including eggs

and dairy, and often animal-based products, such as leather, wool, and silk. **Vegetarianism** is usually a diet, while **veganism** is a lifestyle.

Jamie – I will be eating vegetarian the rest of this week. We are having mashed potatoes and green beans. Then Thursday we will go shopping.

Kathy S. – I have a niece, Laura, who does not eat meat. She is a vegetarian. She lives in North Carolina and works as a nurse at a children's hospital.

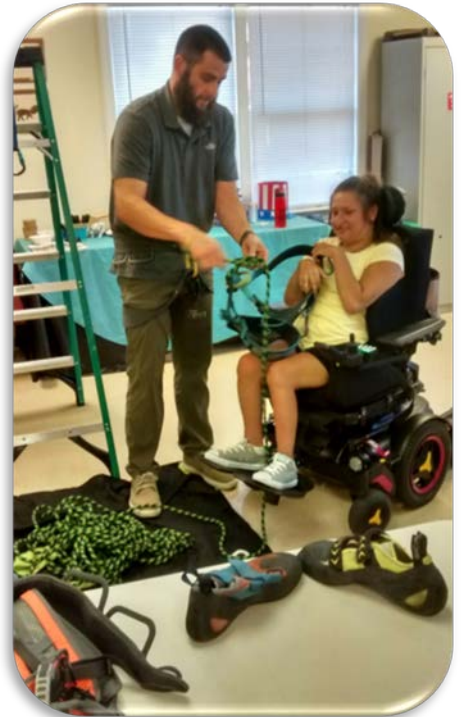

Linda – I am a vegetarian. I think I have always been a vegetarian. I eat pasta and vegetables. I had peanut butter and jelly for lunch.

Joey – Ellen DeGeneres does not eat any meat. She is a vegetarian.

Victor – I would miss meat if I couldn't have it.

Jay – I like to eat meat.

VIRTUAL TRAVEL CLASS

In Virtual Travel John showed us the ropes of Rock Climbing. We got to see and touch a lot of rock climbing equipment.

Adult Enrichment has gained a great relationship with the local Fire Dept. We have had them join us over the past year for many demonstrations and speeches. Home Economics was very lucky to be able to tour the Fire Dept. And learn what they have to do when receiving a 911 call. We want to thank Jen Miller and everyone there for everything

they do!!!! Thank you from Adult Enrichment!!!!!!

THE WILDLIFE CLASS

In Wildlife Class the participants learn about animals through videos, animal websites, Trivia Quizzes, Coloring animal pages, making pages with animals images/information on them to be placed in our Wildlife Book. Some Aquatic animals already covered in class are; Whales/Dolphins/starfish/sea horse/sharks/ killer whales/sea lions/ seals/ octopus/ jellyfish. In class we study about the Rainforest and the animals that live there. About a 3rd of all animal species can be found in the rainforest. There are two species or types of Elephant 1)The African and 2) Indian. Other regions that have be covered in wildlife are: California Redwood and animals, Grand Canyon, Yellowstone, Yosemite, Alaskan, Australian, Madagascar, European, Artic, etc. In Wildlife, participants enjoy coloring animal pages, and work on pages for the wildlife book where they cut out information and images about animals that we studied during the month.

INTERNATIONAL COFFEE DAY

International Coffee Day is October 1st,2018. Victor said that he loves regular coffee with sugar and cream. Joey and Chris enjoy Iced coffee. Types of coffee are: Regular, decaffeinate, Irish, cappuccino, latte, iced coffee, cold brewed, mocha, etc. Some flavor creamers are: Italian sweet cream, hazelnut, French vanilla, white chocolate, cinnamon swirl, peppermint, pumpkin ,etc. You can eat these foods with coffee: donuts , danish, coffee cake, coffee ice cream, coffee candy, cookies, cake, muffins ,etc. Coffee plants reached the New World during the early 18th century, though the drink wasn't really popular in America until the Boston Tea Party of 1773, when making the switch from tea to coffee became something of a patriotic duty. ..The Arbuckle brothers began selling pre-roasted coffee in paper bags by the pound.
