CARNIVAL

Contributed By

Steph, Susie, Derek, Mary Jane, Gloria, Wilfredo, Debbie, & Jon R.

Typed by Jonathan W.

The carnival was described as a good time, fun, nice, and terrific. There were a lot of people there, and lots of fun games. Everyone had fun being with their friends. There was a cake walk with music. You got a cupcake if you stepped on the 'x' with the flying pigs.

We enjoyed lots of food; hot dogs, chips, lemonade, apple slices, ice cream, caramel dip, popcorn, & candy. We got our faces painted, and got glitter tattoos. Fortunately, there were no real clowns, but we did make them with D'andrea.

We got to meet new people, who don't always come on the same day. We won tickets when we played the games and at the end of the day we exchanged them for prizes. The prizes were awesome! We also played Bingo for prizes, which was cotton candy. We hope to have another carnival day next year: this year's was a real blast! If you didn't attend this year's, you missed out on some good fun!

On Friday July 24 we had a carnival for everybody at Adult Enrichment. We played a ton of games like, ping pong, ring toss, cupcake walk, bingo, and Wii. The program had a ton of carnival decorations set up like banners and balloons and clown pictures. We had face painting in some of the rooms and in others we took pictures. For lunch we had hot dogs and chips with apple slices as a side and ice cream for dessert. For each of the games we won, we got a ticket; at the end of the day we used our tickets to get prizes from the prize wall. We all got to take home a bag of popcorn that we made at program. It was a lot of fun and we all hope that we can have another carnival in a couple of months.

DANCE CLASS

Contributed By
Zach, Jonathan R. and Wilfredo
Typed By Sam

We did a class on African music; we had instruments made from coffee cans, water bottles, milk jugs, and sticks. We kept a drum beat with our instruments. It was a lot of fun. There was a lot of music. A lot of us like to dance. Everyone had an instrument and we moved in time to the music. We watched a video about African music. In the video they were dressed differently than the way we dress. Their clothes were very colorful. They did some dancing in the video. We liked the music and we enjoyed playing our instruments.

They Say It's MY Birthday!

Contributed and typed
by: Daniel

Was August 19, 2015 special for anyone else but me? It was my 34th birthday. The day started out like any other day with a few “happy birthdays” interspersed here and there up at clinic first thing in the morning. When I got to Adult Enrichment a little bit later I received some more birthday cards and warm wishes. Guess what? I brought an entire pack of Chips Ahoy cookies for dessert at lunch. I send my best wishes to anyone who's birthday is today also. Feliz Cupleañós, freuliche vie nachten, and bon anniversaire to all and to all a good day! “Live long and prosper, Mr. Spock.”

Beach at the Lake

Contributed and Typed By
Ekaterina

This summer I got to go to the lake twice, it was fun, first time we went with our friends, we had shish kabob, corn and different food. My cousin and two other boys were playing at the lake, I was trying to find a seashell but there was none. There was waves coming out from boats I was catching them, also we were playing soft Frisbee in the water. The second time it was just our family, we were swimming and playing with my cousin and got some sunburn.

Gardening and Nature

Contributed By

Katie, Shaun, will, Jon R., Ralph, Jessenia, Alli, Dewey, Robert P., Danielle.

Earlier this month the Gardening & Nature class went outside to see what kind of trees we have around the building. When we walked outside we found that we have several different kinds of trees around. The first tree we saw we had a hard time naming, so we took a leaf and brought it with us. The second tree ended up being a Dog Wood that Danielle identified right away. The third one we weren't sure of as well so we took a leaf of that one as well. On the way back in we saw a butterfly bush by the front of the building and it had beautiful butterflies around it. The leaves we brought back with us we looked it up online and identified them as Maple Trees.

"BUDDY, our new dog"

Contributed and typed
By Dewey

On Tue., July 21, 2015 my mom and I got a dog. He is a little Chihuahua. He was born on May 16, 2015, his weight: 2.5 pounds and length 10"(not counting his tail) 12"(counting his tail). We got him on an Amish farm (not a puppy mill) since we saw his "doggy family" there.

On the 22nd we got him a leash, puppy food, some treats, some toys, and lots of coupons. We kept him an secret until my niece, Jessica & her family came to see our "nameless" dog at the time. Tammy and her family came to see our "nameless" dog, at the time. Tammy and her family came over to see him on the 25th, knowing we had him.

As for Buddy's name we (my mom and I) started with a list of 22 names got it narrowed down to 5 then to 2, we rolled the papers into balls pitched them on the floor, the first one he went "for" had Buddy on it so we gave him the name "Buddy".

Labor Day is a federal holiday created by President Grover Cleveland to celebrate the American labor movement and is dedicated to the achievements of workers. The labor movement in the United States grew out of the need to protect the workers. In the industrial sector, organized labor unions fought for better wages, reasonable hours and safer working conditions. The labor movement led efforts to stop child labor, give health benefits and provide aid to workers who were injured or retired. This labor day I plan on going to a cookout with my house. I'm going to sleep in late and get up and eat breakfast and play video games until it's time to leave. I'm also going to play games like baseball if the weather is nice outside. I plan on swimming and just enjoying myself. I won't be at program that day so I can just hang out and relax.

Piggy Banks

In arts and crafts class we made piggy banks, their bodies were made out of water bottles, we put paint inside the bottle and shook it until everything was covered in paint, we made ears out of felt and put a pipe cleaner on the back so we can bend the ears, the nose was made with sharpies and the eyes were google eyes, the feet were wooden beads we painted the same color as the pig, then they were glued onto the water bottle, we almost forgot the tail, Rebecca remembered it, we made a curly-q out of a pipe cleaner, it took a long time for them to dry, it was a perfect craft.

TRIP TO WEST VIRGINIA

Contributed & Typed By:
Debbie O.

When I was there I had a family reunion. It was fun! We had lots of food and I filled myself full. I met lots of people when I was there and when we were there I also went to the lake and I went swimming there. I got cooled off when I went into the water. It was very cold! There were lots of rocks in the water. We got there on Sunday the 12th around 5pm and the next day my cousin Inez made supper. We had sloppy Joes; they were very good. The next day we were there I played with Cody's X-Box , a racing game. It was fun to play with his X-Box. The next day we went to visit one of our relatives in West Virginia. We had lots of fun while we were down in West Virginia. We also visited my other cousin Mike Underwood. He is my 2nd cousin I think. I also had a blast when I was down there with my family reunion. I wish we could do it next year. That was lots of fun to see people that I never saw before.

Beginning of Football Season

Contributed By Derek
Typed By Dan

September 10th is the beginning of football season. The Steelers are my favorite team. They are a good team.

I look forward to the beginning of football season every year. I like to watch the Steelers. They start to practice in September when the season begins. I'm not sure when they will begin playing games. I have never been to one of their games, but I hope to someday. I like to watch them play the Eagles and win. I have lots of Steelers stuff like shirts, hats, scarves, book bags, socks, shoes, jackets, and even boxers! That's why I can't wait for football season to start.
